K. S. GROUP OF INSTITUTIONS

K. S. SCHOOL OF ENGINEERING AND MANAGEMENT

The Management, Principal & Staff of CSE Department
Cordially invite you for

NCCT - 2015

National Conference on
Advances in Computing Technology
on 30th April 2015

Chief Guest

Dr. Rajdeep Manwani

Academician

Guest of Honour

Sri. S.R. Naidu

Ex-Secretary, KSGI

Sri. Y. Ramachandra Naidu

Hon. President, KSGI

will preside over the function

Sri. K. Venkatesh Naidu

Hon. Secretary, KSGI

will grace the occasion

Sri. D. Rukmangada

Hon. Treasurer, KSGI

will grace the occasion

Dr. S.N. Sridhara

Principal / Director, KSSEM

Dr. B.K. Raghavendra

Professor & HOD, Dept. of CSE
Chief Coordinator, NCCT - 2015

**KAMMAVARI SANGHAM (R) 1952
MANAGEMENT COMMITTEE MEMBERS**

Sri. Y. Ramachandra Naidu	President
Sri. T. Ramachandra Naidu	Vice-President
Sri. K. Shiva Rao	Vice-President
Sri. K. Venkatesh Naidu	Hon-Secretary
Sri. B. Lokanadha Naidu	Joint Secretary
Sri. R. Leela Shankar Rao	Joint Secretary
Sri. D. Rukmangada	Treasurer
Sri. L. Krishnamurthy	Internal Auditor
Sri. M. Yogamurthy	Director
Sri. T. Neerajakshalu Naidu	Director
Sri. M.N. Padmanabha	Director
Sri. T. Kumar	Director
Sri. M. Sudhakar (Advocate)	Director
Sri. N.M. Krishnamurthy	Director
Sri. A.V. Nagaraj	Director
Sri. P.B. Prakash Kumar	Director
Sri. M.C. Varadaraja	Director
Sri. N. Krishnama Naidu	Director
Sri. D. Jagadish Kumar	Director

NATIONAL CONFERENCE ON ADVANCES IN COMPUTING TECHNOLOGY

NCCT - 15

Thursday, 30th April 2015

Last Date for Paper Submission : 8th April 2015

INSTITUTIONAL PROFILE

K.S. School of Engineering and Management (KSSEM) was established in 2010 by Kammavari Sangham (R) with the objective of providing quality education in Engineering and Management. KSSEM offers BE in Civil, Computer Sc, Electronics and Communication, Electrical and Electronics and Mechanical Engineering in addition to MBA. PG Programmes are also offered in Civil, Computer Sc, Electronics and Communication and Mechanical Engineering. All the courses are affiliated to VTU, Belagavi, and approved by AICTE, New Delhi.

Within a short period from inception, KSSEM has been recognised as one of the good institutes offering Engineering and Management courses in Bengaluru. The overall growth is emphasised in all actions of KSSEM and programmes have been incorporated to inculcate humanity and leadership qualities in students. Our students have participated in many University and State level Sports and Cultural events and have won prizes. The alumni of KSSEM have occupied chairs in good corporates and industries. KSSEM encourages research in every field of studies. It has published about 360 research Papers in leading Journals and conference proceedings and has bagged research fund of worth Rs. 60 lakh within the short period of four years of its inception. In continuation of the spirit of encouragement of research in various fields, KSSEM has organised a chain of National Conferences on all Science, Engineering, Library Science and Physical Education streams.

ABOUT THE DEPARTMENT

The Department of Computer Science & Engineering was started in the year 2010 with an approved intake of 60 and has been increased to 120 from the academic year 2012-13. The department has also started M.Tech Course in Computer Science & Engineering from the academic year 2013-14 with an intake of 18. The department has well qualified faculty members with rich experience and most of them are pursuing their Ph.D. The department has excellent state of the art infrastructure in both Hardware and Software Resources. The department is committed to develop the IT leaders of tomorrow. The department is dedicated to education, research & overall excellence.

CALL FOR PAPERS

The conference aims at covering a broad spectrum of topics including (but not limited to) the following :

- Image Processing
- Computer Networks
- Data Mining
- Cloud Computing
- Embedded Computing Systems
- Artificial Intelligent Systems
- Parallel Programming
- Big Data Analytics
- Multimedia Communications
- Soft Computing
- Security in Computing & Communication
- Ethics in Computing

IMPORTANT DATES

Last Date for Submission of Papers :	08.04.2015
Paper Acceptance Notification :	13.04.2015
Submission of Camera Ready Copy with Registration Form :	20.04.2015
Conference Date :	30.04.2015

Papers to be sent in given format to: ncct15@kssem.edu.in

OBJECTIVES OF THE NCCT - 15

The mission of NCCT-15 is to provide an outlet for quality research to be published to a global audience. The Conference offers a forum to bring Researchers, Academicians and Industrialists on to a common platform. The conference aims to highlight the recent advances in Computer Science and Engineering and also to promote educational activities and exchange of information towards the advancement of Theory and Practice of Computer Science and other related topics for the service of mankind and welfare of society.

PAPER SUBMISSION

Authors are invited to submit full-length papers limited to six pages as per given format and send the same to ncct15@kssem.edu.in

The format can be downloaded at www.kssem.edu.in/ncct2015-cse

CONFERENCE PROCEEDINGS

All submitted papers will be peer reviewed and accepted papers will be published in the Conference Proceedings with reputed publishers.

REGISTRATION PROCESS

Registration form for the conference can be downloaded at www.kssem.edu.in/ncct2015-cse. The filled & scanned registration form, along with soft copy of the paper should be sent to E-mail: ncct15@kssem.edu.in or online registration can be made. The DD along with a copy of the registration form should be sent to the institution address.

Category	Fee *
UG Students	Rs. 750/-
PG Students / Faculty / Ph. D. Scholars	Rs. 1000/-
Industry Professionals	Rs. 2000/-

* Registration fee includes conference kit, book of abstract, lunch and Proceedings.

For online registration log on to : www.bit.ly/NCCT15.

Registration payment must be made through Demand draft in favor of "K. S. School of Engineering and Management, Bangalore".

Note : Best Paper Awardee in Each Session will be Rewarded

ALL CORRESPONDENCES TO BE ADDRESSED TO

PREFACE

National conference on “Advances in Computing Technology” aims to provide an outlet for quality research to a global audience. “NCCT 2015” is being organized by the Department of Computer Science & Engineering of K. S. School of Engineering & Management, Bengaluru. The conference offers a forum to bring Researchers, Academicians and Industrialists on to a common platform. “NCCT 2015” offers a great opportunity to share innovative ideas and explore the recent developments in the field of computer science and aims to promote the educational activities towards the advancements of Theory and Practice of Computer Science and other related topics for the service of mankind and welfare of society. “NCCT 2015” covers a broad spectrum of topics including: Image Processing, Big data Analytics, Computer Networks, Multimedia Communications, Data Mining, Cloud Computing, Soft Computing, Embedded Computing Systems, Security in Computing and Communication, Artificial Intelligent Systems, Parallel Programming, Ethics in Computing.

This publication complements the main conference proceedings.

INSTITUTIONAL PROFILE

K.S. School of Engineering and Management (KSSEM) was established in 2010 by Kammavari Sangham (R) with the objective of providing quality education in Engineering and Management. KSSEM offers B.E. in Civil, Computer Science, Electronics and Communication, Electrical and Electronics and Mechanical Engineering in addition to MBA. PG Programmes are also offered in Civil, Computer Science, Electronics and Communication and Mechanical Engineering. All the courses are affiliated to VTU, Belagavi, and approved by AICTE, New Delhi. Within a short period from inception, KSSEM has been recognized as one of the good institutes offering Engineering and Management courses in Bengaluru. The overall growth is emphasized in all actions of KSSEM and programmes have been incorporated to inculcate humanity and leadership qualities in students. Our students have participated in many University and State Level Sports and Cultural events and have won many prizes. The alumni of KSSEM have occupied chairs in good corporate and industries. KSSEM encourages research in every field of studies. It has published about 360 research Papers in leading Journals and Conference Proceedings and has bagged research fund of worth Rs. 60 lakh within the short period of four years of its inception. In continuation of the spirit of encouragement of research in various fields, KSSEM has organized a chain of National Conferences on all Science, Engineering, Library Science and Physical Education streams.

ABOUT THE DEPARTMENT

The Department of Computer Science & Engineering was started in the year 2010 with an approved intake of 60 and has been increased to 120 from the academic year 2012-13. The department has also started M.Tech Course in Computer Science & Engineering from the academic year 2013-14 with an intake of 18. The department has well qualified faculty members with rich experience and most of them are pursuing their Ph.D. The department has excellent state of the art infrastructure in both Hardware and Software Resources. The department is committed to

develop the IT leaders of tomorrow. The department is dedicated to education, research & overall excellence.

INTENDS OF THE FDP

The CBCS scheme introduced newly has change in syllabus and also introduced new trends of Computer science and engineering stream. Being Faculty it is our immense trend to upgrade our knowledge as per the requirement. This FDP focuses on the course like "DATA STRUCTURES WITH C" and "PYTHON", the learning objectives and its practical implementations.

AROUND DATA STRUCTURES WITH C" and "PYTHON"

Data structures are fundamental building blocks used for the implementation of algorithms and programs. There are Different kinds of data structures and are meant for different kinds of applications, and some are highly specialized to specific tasks The main topic discussed in FDP are Sorting, Searching, Recursion, Stack, Queue, Linked List, Trees, Graphs and file handling operations with hashing with hands on.

Python is an interpreter, object-oriented programming language that has gained popularity because of its clear syntax and readability. Python is powerful and fast and runs on all the operating system and an open source. The silent features of the python will be detailed and hands on session will be provided.

IMPORTANT DATES

The FDP is scheduled between the dates 13th July to 16th July 2016 i.e. Wednesday to Saturday

REGISTRATION PROCESS

Registration form for the conference can be downloaded at www.kssem.edu.in.

The filled & scanned registration form should be sent to E-mail: hod.cse@kssem.edu.in .The Registration amount can be paid on spot at the venue of the FDP.

Fee

A nominal Fee of 500/- is the amount to be paid for the FDP

*Registration fee includes program kit and lunch.

All Correspondences to be addressed to:

Department of Computer science and engineering
K. S. SCHOOL OF ENGINEERING & MANAGEMENT
No. 15, Mallasandra, off Kanakapura Road, Bengaluru – 560 109

OBJECTIVES OF FDP

Objectives of the FDP are

- To Understand, Practice and Assimilate fundamentals of data structures and their applications essential for programming/problem solving.
- To Describe, Analyse, Design and Evaluate the Linear Data Structures: Stack, Queues, Lists.
- To Describe, Analyse, Design and Evaluate the Non-Linear Data Structures: Trees, Graphs.
- To Describe, Analyse, Design and Evaluate the sorting & searching algorithms.
- To Assess appropriate data structure during program development/Problem Solving.

Schedule:

Day 1: 13-7-16

10:00 AM to 12:00 PM

Introduction to Data structures, Searching and Sorting Methods

1:30 PM to 3:30 PM

Hands on Basic Programs

Day 2: 14-7-16

10:00 AM to 12:00 PM

Introduction to Stacks and Queues

1:30 PM to 3:30 PM

Hands on Programs

Day 3: 15-7-16

10:00 AM to 12:00 PM

Introduction to Linked List, Trees, Graphs

1:30 PM to 3:30 PM

Implementation

Day 4: 16-7-16

10:00 AM to 12:00 PM

Python

1:30 PM to 3:30 PM

Hands on Session

Five Days Faculty Development Program on
“Data Structures with C and Python”
12th to 16th July 2016

Certificate

This is to certify that Mr. / Ms. / Prof. / Dr. MEGHA J. Faculty of

Department/College/Organization Computer Science & Engineering,

K.S. School of Engineering & Management Participated in Five Days Faculty

Development Program on “Data Structures with C and Python” Organized by Department of Computer Science and Engineering Department held during 12th to 16th July 2016 at K.S. School of Engineering and Management.

Dr. B.K. RAGHAVENDRA
Chief Coordinator

Dr. M.T. GOPALAKRISHNA
Co-Coordinator

Dr. S.N. Sridhara
Principal / Director

Report on DATA STRUCTURES WITH C AND PYTHON

A five day Faculty development program on "DATA STRUCTURES WITH C AND PYTHON" was conducted by the Department of Computer science and engineering , KSSEM from 12th to 16th July 2016.

An updated syllabus is been introduced by the Visveswaraya Technological University to encourage the students to learn new technologies and have good basic knowledge on computer basics. With respect to the trend set by VTU, the Faculties from various institutions and in house faculties were trained to promote continuous learning.

On the first day i.e., 12th July 2016, Dr.B.K.Raghavendra, professor and head department of computer science took over the FDP and explained about the use of WEKA and JTHON in analysing and preparing data mining applications. The afternoon session had hands on exposure to the tool WEKA and it was very much interactive.

Second day 13th July, Mr.Vadiraj and Mr.Adithya Koundinya, Assistant professors from Jyothy Institute of technology Explained about the basic concepts of data structures with c . Radix sort and File structures being the center of attraction, the class extended the basic concepts of data structures applications. Use of hashing technique to avoid collision and programming the same was handled in the afternoon session.

Third day 14th July, Prof. A.M. Padmareddy, Principal, SVIT, who is also a well known person in the field of data structures, made the addition of polynomial and its coding very easy. The session had explanation about Linked Lists, Dynamic memory allocation, Use of structures in programming. He also expressed how teacher should be dedicated and passionate in his work.

Fourth day 15th July, Dr. Mohan M.S, professor and head department of Information science handled the class and explained "STACKS" & "QUEUES". The importance of data structures with its detailed explanation was taught and afternoon session had hands on exposure to the applications of stacks and queues.

The Last day 16th July, In house faculty members Mr. Govindaraju G.N and Vikram H, Assistant professors, Department of Computer science took over the hands on classes to explain PYTHON programming language. They made learning really interesting.

The program was ended up with valedictory session and participant's positive feedback.

Resource Persons

The resource persons for the program are experts from academia and industries.

Who can attend?

Faculty Members of all the disciplines of affiliated colleges of VTU, Belgaum who are working on larger data are eligible to attend. The maximum number of participants is limited to 30, on a first come first serve basis.

Registration Fees

There is no Registration fee for the Participants from AICTE approved & VTU affiliated Engineering Colleges.

REGISTRATION

Candidates are requested to send the completed registration form through post/courier or Email before 10th May 2014. The registration form must contain the signature of the sponsoring Authority.

IMPORTANT DATES

Last date for registration - 10th May 2014.

Intimation to selected participants-13th May 2014.

About The Kammavari Sangham

The Kammavari Sangham, established in the year 1952, is a non-profit oriented voluntary service organization. The organization was created with the objective of providing charitable service to the community and society. The Sangham has diversified its activities since its establishment over five decades.

About The KSSEM

K. S. School of Engineering & Management (KSSEM) was established in 2010, the Kammavari Sangham's latest venture in the field of technical education. The institution was established with an objective of providing higher technical education, and research opportunities to the student community. With a prominent research hub, the college has provided opportunities for the students to pursue their studies in the fields of engineering and management.

KSSEM provides B.E., M.Tech. and MBA courses, and is in the process of establishing research centers in various departments. The Institute provides an opportunity for students to pursue their BE in five different disciplines: Computer Science, Electronics and Communications, Electrical and Electronics, Civil and Mechanical Engineering.

Vision

K. S. School of Engineering & Management will be an outstanding center for learning and development of human resource, contributing to mankind by dedicating professionally excelling engineers and managers and providing solution to industrial problems through research, consultancy and knowledge dissemination.

Mission

To establish Engineering and Management Institute of international repute and serve the society through community development by knowledge dissemination.

About the department of CSE

Department of Computer Science & Engineering (CSE) has been at the forefront of computing since September, 2010. The CSE Department is recognized by AICTE and affiliated to VTU with the current intake of 120. The CSE Department has highly qualified faculty and has excellent state-of-the-art infrastructure in both hardware and software resources. The Department of Computer Science and Engineering is committed to develop the IT leaders of tomorrow. The Department is dedicated to education, research and overall excellence. The Department has started the Master of Technology in "Computer Science & Engineering" in the year 2013.

About the Industry

Tsidkenu Research & Analytics Solutions (TRAS) Pvt. Ltd has laid its footprint in Market Research and Analytics industry in June 2013 and emerging progressively as Global Corporation, Consulting Firm in a wide range of industries. Tsidkenu Research & Analytics Solutions Pvt Ltd is a Centre for advanced research in multi-disciplinary areas of management, development studies, sustainability, environmental protection, economy, medicine/health policy engineering and technology.

Objectives of FDP

- To provide the faculty with theory and hands on experience in Big Data analytics and Hadoop.
-
- To drive the importance of Big data analytics and Hadoop among the faculty fraternity.
-
- To provide the platform to pursue research in the related domain.

A REPORT ON

VTU-VGST SPONSORED Faculty Development Programme on

"BIG DATA ANALYTICS AND HADOOP"

K. S. School of Engineering and Management (KSSEM) convey its sincere thanks to Visvesvaraya Technological University, Belgaum and Vision Group on Science and Technology, Bengaluru for approving the proposal of conduction of faculty development programme on Big Data Analytics and Hadoop.

KSSEM, under the aegis of Kammavari Sangham, started in the year 2010. In a span of four years, the Institute has reached few mile stones namely, maintaining the percentage of pass to 70%, placement among eligible candidates to 70%, conduction of workshops on academic related topics during vacations, student development programmes, faculty development programmes, industry interactions in the form of invited talks, hands-on on the recent trends in tools and techniques, industry visits, and industry sponsored projects.

The institute, though young, has also initiated research activities in the form encouraging the faculty to pursue their Ph.D. programme, working with students in industry sponsored projects, submit and present their research outcomes in reputed conferences and journals, submitting and getting funded projects from various agencies such as VTU, Belgaum, DST, New Delhi, NRB, New Delhi, VGST, Bengaluru etc.

As per the advices of VTU and VGST, the Department of Computer Science and Engineering, KSSEM has organized four-day workshop on Big Data Analytics and Hadoop during 19th to 22nd of May 2014. There was an overwhelming response for the call for attending the FDP in spite of frag end of the semester. More than 60 applications were received from all over the state of which 30 participants were selected and confirmation letter were communicated.

The programme was started with Inauguration on 19th May 2014. Dr. Gopalakrishna, Managing Director, Integra Micro Software services Pvt. Ltd was invited as chief guest of the programme and Sri K Subramanyam Naidu, President, Kammavari Sangam was presided over the function. Dr. Aswatha Kumar M, Professor, and coordinator of the programme has welcomed the dignitaries and participants to the programme and highlighted the importance of the FDP on Big Data Analytics and Hadoop. HoDs and faculty members of various departments were present during the programme.

Faculty Development Program on "VTU- VGST SPONSORED FACULTY DEVELOPMENT PROGRAMME -BIG DATA ANALYTICS & HADOOP"

Date: 19-05-2014 to 22-05-2014

The department of CSE had organized a faculty development Programme sponsored by VTU – VGST, on BIG DATA ANALYTICS & HADOOP from 19th to 22nd May 2014. The FDP provided the theory and hands on experience and also the importance of Big Data Analytics and Hadoop among the faculty fraternity.

The sessions were delivered by various resource persons, Dr. V Gopalkrishna, Integra Micro Software services Pvt. Ltd., Dr. Rajanikanth, former Principal, MSRIT, Mr. Manjunath T.N, Associate Professor & ERP-SPOC, Dept of Information Science & Engg., Acharya Institute of Technology, Bengaluru. Dr. K G Srinivasa, Professor and Head, Dept. of CSE, MSRIT, Bengaluru, Dr. Channappa B Akki, Professor, Dept. of CSE, SJBIT, and also . Mr. Venkatesh Babu V, Technical Lead, introduced the importance of Hadoop, its installation, and handling Hadoop tools in view of Big data.

The delegates were taken to Tata Consultancy services (TCS as a part of Industrial Visit. Experts from Industry were interacted with participants and showed the importance of data analytics from industry perspectives. Faculty members of CSE, KSSEM were accompanied during the industrial visit.

The valedictory programme was arranged on the last day of FDP. Dr. S Ananth Raj, Consultant, Dept. of IT, BT & S&T, VGST,B'lore was the chief guest. He addressed the gathering by highlighting the importance of VGST activities and Dr. S N Sridhara, Principal/Director, addressed the gathering by highlighting the importance of faculty development programmes. Sri K Subramanyam Naidu, President, KSGI and KSSEM was presided over the function. Dr. Aswatha Kumar M, coordinator presented summary report of the programmes proposed the vote of thanks. Finally the delegates are provided with the certificates.

About the department of CSE

Department of Computer Science & Engineering (CSE) has been at the forefront of computing since September, 2010. The CSE Department is recognized by AICTE and affiliated to VTU with the current intake of 120. The CSE Department has highly qualified faculty and has excellent state-of-the-art infrastructure in both hardware and software resources. The Department of Computer Science and Engineering is committed to develop the IT leaders of tomorrow. The Department is dedicated to education, research and overall excellence. The Department has started the Master of Technology in "Computer Science & Engineering" in the year 2013.

About the Industry

Tsidkenu Research & Analytics Solutions (TRAS) Pvt. Ltd has laid its footprint in Market Research and Analytics industry in June 2013 and emerging progressively as Global Corporation, Consulting Firm in a wide range of industries. Tsidkenu Research & Analytics Solutions Pvt Ltd is a Centre for advanced research in multi-disciplinary areas of management, development studies, sustainability, environmental protection, economy, medicine/health policy engineering and technology.

Objectives of FDP

- To provide the faculty with theory and hands on experience in Big Data analytics and Hadoop.
- To drive the importance of Big data analytics and Hadoop among the faculty fraternity.
- To provide the platform to pursue research in the related domain.

CALL FOR PARTICIPATION

FDP on BIG DATA ANALYTICS & HADOOP

Organized by Department of CSE sponsored by VTU- VGST

19-May-2014 to 22-May-2014

Department of Computer Science and Engineering will organize a Faculty Development Programme on "**BIG DATA ANALYTICS & HADOOP**" from **19 May 2014 to 22 May 2014** (Five Days) under VTU_VGST.

Following topics shall be covered in the FDP:

Introduction to Big data

Basics of Big data and Hadoop and Hadoop tools

Hands-on Basics of Pig ,Hive, Sqoop ,Flume ,all Hadoop eco system components.

Faculty members from technical institutions/universities/management institutions/other educational institutions and research scholars shall be eligible to participate.

Following shall be the Registration Fee:

Faculty/Students from KSSEM: Nil

Faculty from Various Institutions: NIL

Persons from Industry: NIL

PG Students/Research Scholars: NIL

Address for Communication:

Dr. B.K Raghavendra

2nd NATIONAL CONFERENCE ON ADVANCES IN COMPUTING TECHNOLOGY

NCCT - 16

Tuesday, 26th April 2016

Last Date for Paper Submission : 10th April 2016

INSTITUTIONAL PROFILE

K.S. School of Engineering and Management (KSSEM) was established in 2010 by KammavariSangham (R) with the objective of providing quality education in Engineering and Management. KSSEM offers B.E. in Civil, Computer Science, Electronics and Communication, Electrical and Electronics and Mechanical Engineering in addition to MBA. PG Programmes are also offered in Civil, Computer Science, Electronics and Communication and Mechanical Engineering. All the courses are affiliated to VTU, Belagavi, and approved by AICTE, New Delhi. Within a short period from inception, KSSEM has been recognized as one of the good institutes offering Engineering and Management courses in Bengaluru. The overall growth is emphasized in all actions of KSSEM and programmes have been incorporated to inculcate humanity and leadership qualities in students. Our students have participated in many University and State Level Sports and Cultural events and have won many prizes. The alumni of KSSEM have occupied chairs in good corporate and industries. KSSEM encourages research in every field of studies. It has published about 360 research Papers in leading Journals and Conference Proceedings and has bagged research fund of worth Rs. 60 lakh within the short period of four years of its inception. In continuation of the spirit of encouragement of research in various fields, KSSEM has organized a chain of National Conferences on all Science, Engineering, Library Science and Physical Education streams.

ABOUT THE DEPARTMENT

The Department of Computer Science & Engineering was started in the year 2010 with an approved intake of 60 and has been increased to 120 from the academic year 2012-13. The department has also started M.Tech Course in Computer Science & Engineering from the academic year 2013-14 with an intake of 18. The department has well qualified faculty members with rich experience and most of them are pursuing their Ph.D. The department has excellent state of the art infrastructure in both Hardware and Software Resources. The department is committed to develop the IT leaders of tomorrow. The department is dedicated to education, research & overall excellence.

CALL FOR PAPERS

- The conference aims at covering a broad spectrum of topics including (but not limited to) the following :
 - Image Processing
 - Data Mining
 - Embedded Computing Systems
 - Parallel Programming
 - Multimedia Communications
 - Security in Computing & Communication
 - Computer Networks
 - Cloud Computing
 - Artificial Intelligent Systems
 - Big Data Analytics
 - Soft Computing
 - Ethics in Computing

OBJECTIVES OF THE NCCT - 16

The mission of NCCT is to provide an outlet for quality research to be published to a global audience. The Conference offers a forum to bring Researchers, Academicians and Industrialists on to a common platform. The conference aims to highlight the recent advances in Computer Science and Engineering and also to promote educational activities and exchange of information towards

the advancement of Theory and Practice of Computer Science and other related topics for the service of mankind and welfare of society. The Last Conference NCCT-15 was a great success with 120+ Quality research papers delivered to the audience.

PAPER SUBMISSION

Authors are invited to submit full-length papers limited to six pages as per given format and send the same to ncct16@kssem.edu.in

The format can be downloaded at www.kssem.edu.in/ncct2016-cse

CONFERENCE PROCEEDINGS

All submitted papers will be peer reviewed and accepted papers will be published with ISBN Number in the Conference Proceedings.

REGISTRATION PROCESS

Last Date for Submission of Papers:	10/04/2016
Paper Acceptance Notification:	15/04/2016
Submission of Camera Ready Copy with Registration Form:	18/04/2016
Conference Date:	26/4/2016
Papers to be sent in given format to:	ncct16@kssem.edu.in

REGISTRATION PROCESS

Registration form for the conference can be downloaded at www.kssem.edu.in/ncct2016-cse. The filled & scanned registration form, along with soft copy of the paper should be sent to E-mail: ncct16@kssem.edu.in or online registration can be made. The DD along with a copy of the registration form should be sent to the institution address.

Category	Fee *
UG Students	Rs. 500/-
PG Students / Faculty / Ph. D. Scholars	Rs. 750/-
Industry Professionals	Rs. 750/-

* Registration fee includes conference kit, book of abstract, lunch and Proceedings.

For online registration log on to: www.bit.ly/NCCT16.

Registration payment must be made through Demand draft in favor of "K.S School of Engineering and Management, Bengaluru".

Note : Best Paper Awardee in Each Session will be Rewarded

ALL CORRESPONDENCES TO BE ADDRESSED TO

PREFACE

National conference on “Advances in Computing Technology” aims to provide an outlet for quality research to a global audience. “NCCT 2016” is being organized by the department of computer science and engineering of K.S.School of Engineering and Management, Bengaluru. The conference offers a forum to bring researchers, academicians, and industrialist on to a common platform. “NCCT 2016” offers a great opportunity to share innovative ideas and explore the recent development in the field of computer science and aims to promote the educational activities towards the advancements of theory and practice computer science and other related topics for the service of mankind and welfare of society. “NCCT 2016” covers abroad spectrum of topics including Image Processing, Big data Analytics, Computer Networks, Multi Media Communication, Data Mining, Cloud Computing, Soft Computing, Embedded Computing System, Security in Computing and Communication , Artificial Intelligence System, Parallel Programming and Ethics in Computing.

This Publication Complements the Main Conference Proceedings.

CONTENTS

Sl. No.	Paper Title	Page No
1	Automation of Supplying of Water Remotely using Raspberry Board and Grove Sensors	1
2	Prevention of DoS Attack using CPHS and AONT Algorithms	1
3	Review Tree: An Unsupervised Method to Auto-Generate Visual Summary of Online Reviews	2
4	Multichannel Medium Access Protocol for VANET	2
5	A Survey on HTTP and WebSocket Protocols	3
6	A Survey on Indexing Techniques for Cloud	3
7	Detection and Rectification of Elastically Distorted Fingerprints	4
8	Cloud Storage Auditing With Key Exposure Resistance	4
9	Identity-based Encryption with Outsourced Revocation in Cloud Computing	5
10	Green House Monitoring and Controlling using Android Smart Phone	5
11	Automated Dubbing System for Regional Languages	6
12	A Survey on Improving Streaming of Video Using Multiple Neighborhood Devices	6
13	A Review: Searchable Key Aggregate Cryptosystem	7
14	A Secured Hybrid Cloud Approach for Authorized Deduplication	7
15	Secure Multi-Keyword Ranked Search with Dynamic Operations over Encrypted Cloud Data	8
16	A Secure Data Sharing Anti-Collusion Scheme in Cloud for Dynamic Groups	8
17	Development of a Hybrid Framework to Improve Security for Personal Health Records (PHR) using Attribute Based Encryption	9
18	IP Based Secured Node Authentication and Data Forwarding in WMN	9
19	Truthful Detection of Malicious Nodes in Wireless Ad Hoc Networks	10
20	Implementation of MDLats On Hadoop Platform For Efficient Pattern Discover	10
21	Development of Scalable, Elastic and Secured Cloud Application Case Study: Medical Application	11
22	Secure Data Access Control Method Using Aes For P2p Storage Cloud	11
23	Knowledge Based Face Detection using Fusion Features	12
24	Grammar Nazi-An App for English Correction	12
25	Efficient way to Conserve Energy using Sink Node Mobility for Big Data using Densely Distributed WSNs	13

Sl. No.	Paper Title	Page No
26	A Computer Aided Diagnosis for Detection and Classification of Lung Nodules using Artificial Neural Network	13
27	iPainRelief –A Pain Assessment and Management App for a Smart phone Implementing Sensors and Soft Computing Tools	14
28	Prediction of Heart Disease Using a Hybrid Technique in Data Mining Classification	15
29	Emotion Finder: To Detect Emotion from Blogs and Textual Documents	15
30	Design of a New Security Primitive Model Based on Hard Artificial Intelligence using Captcha as Graphical Passwords	16
31	Budget driven Scheduling Algorithms for Batches of Map Reduce Jobs in Heterogeneous Clouds	17
32	Data Mining Based Electronic Health Records Storage Scheme	18
33	Mining YouTube Metadata for Detecting Privacy Invading Harassment and Misdemeanor Videos	19
34	Design of a Framework to Identify and Detect Suspicious Terror Message using Data Mining and Ontology	19
35	Development of Frappe and Frappe Lite Applications for Detecting Malicious Activities in Social Networking Sites	20
36	Scalable Face Image Retrieval Using Attribute Enhance Sparse Code-Words	21
37	Develop an Efficient Security System for ATM Bank Based on Biometric Approach	21
38	Development of Framework to Minimize Cost for Geo-Distributed Big Data Processing	22
39	Development of a Novel Approach for Content Extraction from Web Pages	23
40	Dynamic Trust Management for Delay Tolerant Networks and its Application to Secure Routing	23
41	Privacy Preserving Technique for Multiple Data Owners in Cloud Computing	24
42	Development of a Framework to Secure Sensitive Data Sharing on a Big Data Platform	24
43	Development of Framework for Analysis of Unemployment Data and Prediction of Unemployment Rate using Hadoop.	25
44	Development of Secure Cloud Computing Frame work of Smart Grid for Big Data Management System	26
45	Secure Authentication using Visual Secret Sharing and Steganography	26

Sl. No.	Paper Title	Page No
46	Implementation of Password Guessing Resistant Protocol (PGRP) to Prevent Online Attacks	27
47	Context Based Access Control Systems for Mobile Devices using Cloud Environment	27
48	A Decentralized Cloud Firewall Framework with Dynamic Resource Allocation	28
49	Design and Development of Fuzzy Fingerprint for Privacy Preserving Detection of Sensitive Data Leak	29
50	A Survey of Cryptographic Algorithm used in Cloud Computing	30
51	Beacon	30
52	Group Sharing Framework with Dynamic Security and Privacy in Public Cloud Computing	31
53	A Quantitative Analysis Of Security Issues Associated With Big Data In Cloud Computing	31
54	QR Code Based Navigation System For Closed Building Using Smartphones	32
55	A Survey on Flashing the Software in Car Infotainment System. A Car Multimedia System	32
56	Monitoring of School Kids using Android Devices and Near Field Communication(NFC)	33
57	Protection System for Multimedia Content in Cloud	33
58	A Review of Various Energy-Efficient Approaches for Wireless Sensor Networks	34
59	DoS Attack Prevention using CPHS and SHCS Algorithms	34
60	Quadcopter for Pesticide Spraying	35
61	IoT Based Smart Door	35

KS SCHOOL OF ENGINEERING AND MANAGEMENT

BENGALURU-560109

Date:10/1/2019

CIRCULAR

We are pleased to inform you that the Department of Computer Science & Engineering is organizing an FDP on "Aspects of Effective Programming and Research" for the faculty of KSSEM and KSIT from 16th to 18th January 2019 in Aryabhata Seminar Hall.

FDP Coordinator

HOD

**Dept. of Computer Science & Engineering
K.S. School of Engineering & Management
Bangalore-560 062**

Report on Aspects of Effective Programming & Research

Department of CSE conducted Faculty Development Program (FDP) on “**Aspects of Effective Programming & Research**” organized by KSIT & KSSEM in association with IEEE Bengaluru, section on 16th to 18th January 2019 at KSSEM Bengaluru. The resource persons were **Prof. Ram Rustagi** and **Prof. P Joy Prabhakaran**. The workshop aims to provide a short refresher course on programming for problem solving & application development, along with an overview of Web Security and Machine Learning.

K.S. SCHOOL OF ENGINEERING AND MANAGEMENT, BENGALURU - 560109

DEPARTMENT OF COMPUTER SCIENCE & ENGINEERING

3days FDP on
Aspects of Effective Programming and Research 16th-18th Jan 2019
Feedback Form

Answer to the following statements by using tick mark in appropriate column.

SL. No	Criteria	Satisfactory	Good	Very Good	Excellent
1	Facilitator Stimulated my interest in subject				✓
2	Facilitator demonstrated in depth knowledge of topics.			✓	
3	The Facilitator encouraged discussions and responded to questions.				
3	The facilitator challenged faculty to do best work.			✓	
4	Materials provided were helpful and easy to understand	✓			
5	Hands on session improved my practical knowledge towards the subject.				
6	Arrangements for workshop were good.				✓
7	Duration of workshop was appropriate			✓	
8	Any other general feedback	Overall workshop is good. It should be more hands-on.

K.S.School of Engineering & Management
Bengaluru-560 109

Department of Computer Science & Engineering
 K.S.School of Engineering & Management
 Bengaluru-560 109

Who should attend?

As this workshop is not subject-specific, teaching faculty from all domains (engineering, sciences, commerce, art, management, medicine, law, etc.) and also from polytechnic colleges and schools, can attend. Teachers registered in a Masters or a PhD programme, during their employment as a teacher, can also participate.

Criteria for issuing Certificates

E-certificate will be provided to the participants after successful completion of the workshop and filling up the feedback form.

Duration and Venue

The workshop will be conducted on **Friday, 15 March 2019 from 9.30 AM to 6.00 PM** at 106 Remote Centres of IIT Bombay. This workshop will be conducted through a blended mode, using both live video conferencing facility (A-VIEW) and hands-on sessions using Spoken Tutorials. A detailed workshop schedule will be available soon.

How to apply?

Enrollment will be strictly online, and no other mode of application will be entertained. **The last date of registration is 14 March 2019, 12.30 pm.** The URL for registration is: <http://www.it.iitb.ac.in/nmeict/announcements.html>

Register on the Spoken Tutorial Website:

1. Before the workshop, participants should register on <https://spoken-tutorial.org/>
2. Fill up the registration form and submit.
3. An email will be received.
4. The account should be activated by clicking the link in the email.
5. The Username and Password should be noted. This is an extremely important step. One needs this information to post questions on the forum, which will be explained at the time of the workshop.

Note

- Neither IIT Bombay nor the Remote Centre will bear the travel expense of the participating representatives. There shall also be no accommodation provided to the participants.
- All participants are required to bring **ear phones**, as they will have to listen to video tutorials. Without ear phones, the workshop will not at all be effective.
- As this workshop is mainly hands-on, it is **mandatory** for all System Administrators to bring a **laptop** and **ear phone** when they come to the workshop. System administrators will be required to install Moodle software on their machines during the workshop.
- All system administrators will also be required to download the Moodle software before they come to the workshop. Instructions for this will be mailed separately.

One day Workshop

Under
'Pandit Madan Mohan Malaviya
National Mission on Teachers and Teaching
(PMMMNTT)',
MHRD, Govt. of India

on

Moodle Learning Management System

15 March 2019

Conducted by the
Teaching Learning Centre (ICT)
at
IIT Bombay

Course Coordinator

Prof. Kannan Moudgalya
Department of Chemical Engineering
Indian Institute of Technology Bombay
Powai, Mumbai 400076

Introduction

IIT Bombay has conducted many large-scale teacher training workshops under the Train 10,000 Teachers (T10KT) programme, sponsored by the National Mission on Education through ICT (NMEICT), MHRD, Govt. of India, and trained over 2,00,000 teachers.

Another successful technology developed at IIT Bombay is Spoken Tutorial, using which about 50 lakh students have been trained on various ICT topics. The effectiveness of this method can be seen from the testimonials available here: <https://spoken-tutorial.org/testimonials/media/?foss=70>. The Spoken Tutorial project is also implemented successfully at IIT Bombay, with funding from NMEICT, MHRD.

It is now proposed to offer the highly effective Spoken Tutorial based ICT training to a large number of teachers, across the country, through the T10KT methodology, with Moodle training being taken up next. Moodle is a popular Free/Libre and Open Source 'Learning Management System' (LMS). Moodle is extremely useful to teachers to organise their course, interact with students through forums, organise quiz, do the grading, etc. It is very useful to teachers at all levels: from schools to colleges. It is also available free of cost.

The Moodle workshop is organised by the Teaching Learning Centre (ICT) at IIT Bombay, under the scheme of the 'Pandit Madan Mohan Malaviya National Mission on Teachers and Teaching' (PMMMNMTT), MHRD, Govt. of India. As Spoken Tutorial method offers hands on practice, with 100% active learning, teachers who undergo this training will be able to start using Moodle immediately after the workshop.

The one day Moodle workshop will be conducted on **Friday, 15 March 2019**, through 106 Remote Centres of T10KT.

This training will be provided to two kinds of participants:

- I. **Teachers:** They will be given training on how to use Moodle and to create and deliver courses online to their students. More details of this are given in the topic list.
- II. **System administrators:** They will be given training on Moodle installation, and how to configure and set-up Moodle.

Methodology of the Workshop

It will be a one day workshop, on 15 March 2019. All participants will have to go to their chosen Remote Centre. They will learn Moodle through Spoken Tutorials, with help from Coordinators, already trained for this purpose at IIT Bombay. As the learning will happen only through carefully designed Spoken Tutorials at IIT Bombay, the quality of learning will be very high. All the participants, from all the Remote Centres, will be able to interact with the Moodle team at IIT Bombay, ask them questions, etc., through the video conferencing software A-VIEW. There will be about 4 hours available for Moodle training and 2 hours for interactions.

Teaching faculty:

Prof. Kannan Moudgalya, Principal Investigator, TLC (ICT), and Spoken Tutorial projects, IIT Bombay

Ms. Nancy Varkey, Spoken Tutorial Project, IIT Bombay

Ms. Nirmala Venkat, Spoken Tutorial Project, IIT Bombay

Course content

Moodle is a learning management system (LMS in short) which helps teachers and educators create online courses for adaptive and customized learning. Developed in 2002, it is a free/libre and open source software and is being used by many small and large institutions to create and deliver courses online to their students.

Moodle has many built-in features ranging from the basics such as file upload, assignments, quizzes, notifications and advanced features such as forums, quizzes, wiki, etc. that can be used by learners. It also has many easy-to-install plug-ins such as attendance, reminders, analytics, etc., to supplement these features.

Following topics will be covered for **System Administrators** in this workshop:

- Getting ready for Moodle Installation
- Installing Moodle on Local Server
- Admin Dashboard
- Blocks in Admin Dashboard
- Categories in Moodle
- Courses in Moodle
- Users in Moodle
- User Roles in Moodle

Following topics will be covered for **Teachers** in this workshop:

- Teachers Dashboard in Moodle
- Course Administration in Moodle
- Formatting Course material in Moodle
- Uploading and Editing resources in Moodle
- Forums and Assignments in Moodle
- Question bank in Moodle
- Quiz in Moodle
- Enroll Students and Communicate in Moodle

Please note that the medium of instruction for this workshop is English. Language dubbed Spoken Tutorials in Hindi and a few other languages will also be available.

Course Fee

Every participant (both Teachers and the System Administrators) has to pay Rs. 100 as the course fee to IIT Bombay at the time of online registration. On the day of the workshop, i.e., on 15 March 2019, they have to pay Rs. 400 to the Remote Centre that they would be attending, to defray the cost of organising the workshop, lunch, and coffee/tea.

Please note that the registration fee once paid is neither refundable nor adjustable under any circumstances.

Spoken Tutorial

Certificate of Participation

*This is to certify that **Santosh Jankatti**
from **KS School Of Engineering and Management, Bangalore**
attended the Coordinators' Workshop on the
'Moodle Learning Management System' held at
Indian Institute of Technology Bombay, on 1 March 2019.*

*This training was organised by the
Teaching Learning Centre (ICT) at IIT Bombay, funded by the
Pandit Madan Mohan Malaviya National Mission on Teachers and Teaching
(PMMMNMTT), MHRD, Govt. of India.*

K. S. School of Engineering and Management

A Report on one day workshop on

Moodle Learning Management System on 15 March 2019.

In association with the Department of Computer Science and Engineering, KSSEM conducted One day workshop on "Moodle Learning Management System" In Association with Indian Institute of Technology Bombay, Mumbai Under 'National Virtual Library of India'(NVLI), funded by the Ministry of Culture, Government of India on 15 March 2019 from 9.30 AM to 6.00 PM

ABOUT THE WORKSHOP:

Learning Objectives:

- The concept of Learning Management Systems (LMS in short)
- Moodle as an LMS
- Who can use Moodle
- Examples of Moodle websites
- Software and hardware requirements for running Moodle
- Key features that will be demonstrated in the Moodle series

Fig. Inauguration session by Prof. Kannan Moudgalya and participants hands on practice

Learning Management System

An LMS helps us to create, manage and deliver any eLearning content

For example:

- Educational courses
- Training programmers

It helps us to manage our courses

We can

- Create and edit content
- Give access to students
- Grade their submissions

Attendance Sheet for Date : 2019-03-15

IIT Bombay

15 February 2019

Dear Remote Centre Coordinator,

Greetings from IIT Bombay!

We are glad to announce that we are in the process of organising a one day workshop for **Teachers and System administrator** for the project '**Pandit Madan Mohan Malaviya National Mission on Teachers and Teaching**' (PMMNMTT), funded by the Ministry of Human Resource Development, Government of India, which I am leading..

Details of this programme are given below:

Coordinators' Workshop (1 day): Friday, 1 March 2019 in IIT Bombay

Main Workshop (1 day): Friday, 15 March 2019 at various participating remote centres

How the main workshop will be conducted:

It will be a one day workshop, on **15 March 2019**. There will be interactions through A-VIEW at the beginning. After that, all participants at your remote centre will learn Moodle, using your computers, at a location in your RC. In the evening, we shall connect through A-VIEW again, carry out discussions and end the programme. There will be about 4 hours available for Moodle training and 2 hours for interactions, a detailed schedule of which will be sent later to you. The participants of the main workshop will pay Rs. 100 as a course fee to IIT Bombay, and Rs. 400 to the RC directly, from which, you will have to provide lunch and tea/snacks. The balance amount can be kept as a partial compensation for the use of your infrastructure.

IIT Bombay will pay Rs. 2,000 as an honorarium to the following people, from each participating remote centre:

(1) RCC (2) Teacher who is the course coordinator (3) Computer systems person, who will help with your computers. In this way, each participating RC will receive a total of Rs. 6,000 from IIT Bombay.

Coordinators' workshop:

If you want to offer your RC for this course, you will have to send two of your representatives i.e. a **Teacher** and a **system administrator**, to IIT Bombay for the Coordinators' Workshop. We will provide free accommodation, lunch and refreshments to these representatives from your institution. There will also be a certificate of participation. We will NOT pay their travel expense, however. You will have to bear it. In addition, there is a nominal **course registration fee of Rs. 200** from each of your two representatives.

Procedure to participate in the Coordinators' Workshop:

If you are likely to participate in this workshop, please login to the website (<https://www.it.iitb.ac.in/nmeict/>) using your RCC email id credentials and express your willingness by filling the seating capacity **before 5 pm by Tuesday, 19 February 2019**. Please also send an email to eoutreach@cse.iitb.ac.in with the names, email addresses, and phone numbers of the two representatives (Teacher and System Administrator) that you will be nominating.

Please also ask your Teacher and System Administrator to register on our website between **20 February and 28 February 2019**. The registration website is here: <https://www.it.iitb.ac.in/nmeict>

We look forward to your enthusiastic participation in this initiative.

Regards,

6 March 2019

Dear Sir/Madam,

Greetings from IIT Bombay!

We are glad to announce that we are in the process of organising a one day workshop for **Teachers and System administrators** under the Teaching Learning Centre (ICT) at IIT Bombay, a scheme of 'Pandit Madan Mohan Malaviya National Mission on Teachers and Teaching' (PMMMNMTT), an initiative of the Ministry of Human Resource Development, Government of India.

Details of this programme are given below:

Workshop Name: Moodle Learning Management System

Who should attend? : Teachers and System administrators/Technical persons

Date and venue: Friday, 15 March 2019, 106 remote centres

How the workshop will be conducted:

The workshop will be conducted at various remote centres in the country on Friday, 15 March 2019 from 9.30 AM to 6.00 PM. This will be conducted through a blended mode, using both live video conferencing facility (A-VIEW) and hands-on sessions at remote centres using Spoken Tutorials. The effectiveness of the Spoken Tutorials based training can be seen from the testimonials available at <https://spoken-tutorial.org/testimonials/media/?foss=70>. There will be interactions through A-VIEW at the beginning. After that, all participants at remote centre (RC) will learn Moodle using Spoken Tutorials. In the evening, IIT Bombay shall connect through A-VIEW again, carry out discussions and end the programme. There will be about 4 hours available for Moodle training and 2 hours for interactions, a detailed schedule of which will be sent later to you.

The participants of the workshop will pay Rs. 100 as a course fee to IIT Bombay, and Rs. 400 to the RC directly, from which, RC will have to provide lunch and tea/snacks. The balance amount may be kept as a partial compensation for the use of RC infrastructure.

Procedure to participate in the Workshop:

To participate in this workshop, please login to the website (<https://www.it.iitb.ac.in/nmeict/>). Please also ask your Teachers and System Administrators to register on our website between **2 March and 14 March 2019, 12.30 pm**. The registration website is here: <https://www.it.iitb.ac.in/nmeict>

I request you to kindly circulate this email to your nearby colleges/schools and the educational institutions.

We look forward to your enthusiastic participation in this initiative.

Regards,

Workshop Conducted

On

“Artificial Intelligence and Data Analytics”

6th August 2019

Organised

By

Department of Computer Science & Engineering

K.S.School of Engineering and Management

The Department of Computer Science and Engineering, KSSEM has organized Workshop on “Artificial intelligence and Data Analytics” in association on 6th August 2019 in Aryabhata Seminar Hall.

The Workshop was started around 1:30p.m at Aryabhata Seminar hall.

Dr.Arjuna Sathiaselvan who directed the Networking for Development lab at the Computer laboratory, University of Cambridge and co- founder of GAIUS networks. Speaker delivered a session

on “Artificial Intelligence and Data Analytics” and highlighted the effectiveness of developing IOT Applications throughout the world.

Students of VIIth semester A and B Sections from Department of CSE had participated in the Workshop. The sessions were quite interactive between the students and the expert. Speaker encouraged the participants to discuss about project ideas on IOT applications.

The outcome of the Workshop is to share the idea of how to implement the computer networks and other major subjects in engineering with a technical knowledge and real time experience. Speaker has given opportunity for the students to develop a webpage in their mobile using GAIUS App.

Workshop Conducted On

“INTERNET OF THINGS”

17th August 2019

Organized By

Department of Computer Science & Engineering

K.S.School of Engineering and Management

The Department of Computer Science and Engineering, KSSEM has organized one day Workshop on “**Internet of Things**” on 17th August 2019 in Aryabhata Seminar Hall.

The Workshop was started at 9:00 a.m. at Aryabhata Seminar hall. Mr. Ashok Kumar K is currently working as a Team lead, in MNC. He has handled numerous workshops on Java, Big data, Cloud computing, machine learning, IOT, Web development in various colleges. He has authored a text book titled “An Elementary and Constructive Approach to java/J2EE”. The speaker delivered a session on “Internet of Things” and explained and demonstrated the stages of developing IOT projects.

Students of VIIth semester A and B Sections from Department of CSE had participated in the Workshop. The workshop is organized into three sessions. First session is about Introduction to IOT, Raspberry PI headless setup and Python programming for raspberry PI. The second session started at 11:00a.m and information is given about MQTT protocol and Android application using MQTT Client.

The third session started after lunch at 1:45p.m and it is about Flame Sensor, PIR motion detector sensor and Proximity. After the workshop a small quiz is conducted between VIIth A and B section students. All the sessions were quite interactive between the students and the expert. Some of the faculty from CSE Dept also participated in workshop.

The outcome of the Workshop is to provide support and guidance to the students, to develop mini projects and main projects as a part of their academics and placement activities.

Chairman, BITES

Workshop on
"Design Thinking"
23rd – 25th September 2019

Organized By

K. S. SCHOOL OF ENGINEERING & MANAGEMENT
Department of Computer Science & Engineering

In association with
Board for IT Education Standards

The Department of Computer Science and Engineering, KSSEM has organized 3-day workshop on "Design Thinking" in association with BITES from 23rd – 25th September 2019 in Aryabhata Seminar Hall.

The workshop was inaugurated by Dr. K. Rama Narasimha, Principal/Director, Mrs. Veena R. S.,

Head, Department of CSE, KSSEM and Resource persons, Mr. Hemanth Gorur, Trainer, Mrs. Nisary Mahesh, Trainer and Mr. Sunil Datta Consultant, BUMBLEBEE IT ACADEMY.

Mr. Hemanth Gorur delivered sessions on “Design Thinking” and the steps involved in it:

1. Empathize 2. Re-Define 3. Ideate 4. Prototype 5. Test 6. Presentation.

Students were given a problem statement and a situation, which had to be empathized and redefined.

Students were involved in activities like interviewing the user, creating Empathy Map using cardboards followed by the 3rd step of Design Thinking that is Ideation, which was split into Brainstorming, Affinity Map Design and the idea evaluation Chart. Students were briefed about each step of Design Thinking in the form of Videos and Presentation.

The Last day student were involved in Mini-Project where they had to employ all the steps of Design Thinking and gave final presentation on the project, on which they had build the prototype.

A total of 30 from 5th semester CSE and ECE participated actively in the workshop. The sessions were quite interactive between the Students and the expert.

The outcome of the workshop is to know how to employ Design Thinking Steps in real time problem Statements, Mini Project and also exhibit one's own Thinking capabilities to design and make use of best practices of Design Thinking.

Three Day workshop on "Design Thinking"

September 23rd - 25th, 2019

Feedback Form

Answer to the following statements by using (✓) in appropriate column to indicate the extent to which you agree or disagree with each statement.

Sl. No.	Criteria	Satisfactory	Good	Very Good	Excellent
1	Facilitator stimulated my interest in Empathize, Re-Define, Ideate, Prototype, Test and Presentation.				✓
2	The facilitators demonstrated in depth knowledge of the Design Thinking.				✓
3	The facilitators encouraged discussions and responded to questions.				✓
4	The facilitator motivated the students apply Design thinking steps into mini project.			✓	
5	Hands on session improved my practical knowledge towards Design Thinking				✓
6	Arrangements for workshop were good.				✓
7	Duration of workshop was appropriate.				✓
8	Any other general feedback: Learned to more from this workshop. Basically Confidence.

Report on Embedded System using ARM 7

Department of Computer Science and engineering in association with Encryptonites and Jyothi Embedded labs, Bengaluru had arranged three days of workshop on ARM processors on March 1, 2 & 3, 2018 for 4th semester students. First day session introduced Microcontroller LPC 2148, Writing C code for “Kernel Uvision”, and the use of seven segment display for LCD and LED. Second day session explained to controlling microcontroller using Wi-Fi or Bluetooth with the help of mobile phone. Third day session was on HTML PHP program writing.

Java Fundamentals

23rd to 27th April 2018

INSTITUTIONAL PROFILE

K.S. School of Engineering and Management (KSSEM) was established in 2010 by Kammavari Sangham (R) with the objective of providing quality education in Engineering and Management. KSSEM offers B.E. in Civil, Computer Science, Electronics and Communication, Electrical and Electronics and Mechanical Engineering in addition to MBA. PG Programmes are also offered in Civil, Computer Science, Electronics and Communication and Mechanical Engineering. All the courses are affiliated to VTU, Belagavi, and approved by AICTE, New Delhi. Within a short period from inception, KSSEM has been recognized as one of the good institutes offering Engineering and Management courses in Bengaluru. The overall growth is emphasized in all actions of KSSEM and programmes have been incorporated to inculcate humanity and leadership qualities in students. Students of KSSEM participated in many University and State Level Sports and Cultural events and won many prizes.

The alumni of KSSEM have occupied chairs in good corporate and industries. KSSEM encourages research in every field of studies. It has published about 360 research Papers in leading Journals and Conference Proceedings and has bagged research fund of worth Rs. 60 lakh. In continuation of the spirit of encouragement of research in various fields, KSSEM has organized National Conferences, Workshops and Faculty Development Programmes in various streams.

ABOUT THE DEPARTMENT

The Department of Computer Science & Engineering was established in the year 2010 with an approved intake of 60 and increased to 120 from the academic year 2012-13. The department is also offering M.Tech Course in Computer Science & Engineering from the academic year 2013-14 with an intake of 18. The faculty members of Department of CSE are well qualified and have rich experience in teaching and research. The department has excellent state of the art infrastructure in both Hardware and Software Resources. The department is committed to develop the IT leaders of tomorrow. The department is dedicated to education, research & overall excellence.

INTENDS OF YUVA YUGA

“YUVA YUGA” scheme is an industry-led program to encourage and promote skill development for youth throughout Karnataka. It helps youth to take up industry designed quality skill training and become employable.

The objective of this scheme is to:

- Encourage and promote skill trained youths.
- Increase the skill training capacity in Karnataka.
- Mobilize 1,10,000 youth to take up industry designed quality skill training.
- Increase productivity of the existing workforce and align skill training with the actual needs of the State.

Around “Oracle Training on Java Fundamentals”

Java is a set of computer software and specifications developed by Sun Microsystems, which was later acquired by the Oracle Corporation that provides a system for developing application software and deploying it in a cross-platform computing environment. Java is used in a wide variety of computing platforms from embedded devices and mobile phones to enterprise servers and supercomputers.

OBJECTIVES OF FDP

- To prepare and equip the faculty of BE programme in the Core Java subject to the higher level to match the standards opted by VTU.
- Understand fundamentals of programming such as variables, conditional and iterative execution, methods, etc.
- Provide a strong foundation in database concepts, technology and practice.
- Design and build database applications for real world problems.
- Practice SQL programming through a variety of database problems.

IMPORTANT DATES

The FDP is scheduled between the dates 23rd April to 27th April 2018. i.e. Monday to Friday.

REGISTRATION PROCESS

Online registration with Oracle is to be done as per the instructions given in the attached document.

Report on JAVA FUNDAMENTALS

23rd to 27th April 2018

Organized by Computer Science and Engineering

K. S School of Engineering and management

“BY TEACHING WE LEARN AND BY LEARNING WE TEACH”, Department of Computer Science and Engineering in association with ORACLE ACADEMY and TRAINING THE TRAINER program by government of Karnataka had been organized from 23/4/2018 to 27/4/2018. The program was inaugurated by Dr.Karisiddappa, Vice-chancellor Visvesvaraya Technological University, Management members of Kammavari Sangham, Dr.V.Balaji, CEO of Kammavari group of institutions, Dr.S.N.Sridhara, Principal of KSSEM and DR.Govindaraju.T.V , Principal of KSIT. Around 30 participants registered among which 26 are from the various colleges like BMS Institute of Technology, City Engineering college, KS Institute of Technology , Sapthagiri College of Engineering, Dayananda Sagar College of Engineering, East west College of Engineering, AMC College of Engineering and Many more.

The curriculum for five days included, Basic introduction, features of java and Development of small banking application. The last day participants registered for Quiz followed by a test on concepts learnt to enumerate themselves with the grade.

Department of Computer Science and Engineering, KSSEM thanked all the participants and organizing committee for their support in completing Faculty development program.
