## **REPORT ON 'KATALYST' FOR EMPOWERING TALENTED GIRLS**

On 17.02.2022 at K S School of engineering, civil department block seminar hall "Katalyst" program was organised for first year BE-2021-22 batch girl students.

Katalyst is a 'not-for-profit' programme under the aegis of Third Sector Partners with a mission to reach out these meritorious girls and help them succeed in challenging education and career environments through structured mentoring, personality grooming and financial intermediation. This program was attended by around 95 first year BE girl students of KSSEM.

Speaker Mrs. Vijaya explained that Katalyst aims to be a leader in this continual elevation and transformation of young women from low income communities to lead change in their professional and personal spheres of life. To achieve this, Katalyst provides an enabling environment to enhance the employability of girl students pursuing professional degrees or courses. Katalyst does this through specific interventions such as skill enhancement, mentor support, assistance with internships and exposure to corporate life.

Mrs. Steffi from catalyst team interacted with students and told that, At Katalyst, we strive to empower young girls from low income communities to transform them into leaders!

To organise this program very much encouragement is given by KSGI Management, Dr. Rama Narasimha, Principal KSSEM and Dr.C.Vasudev, Head of the department of Basic science, KSSEM. The program conduction is coordinated by Dr.Radha.H.R and all the teaching and non-teaching staff members of Basic science department, KSSEM.
