DEPARTMENT OF MECHANICAL ENGINEERING

Industrial visit to SJS enterprises Limited

The students of 3rd sem and 5th sem Mechanical Engineering (Total of 52) accompanied by 2 faculty members have visited SJS enterprises Limited on 8/12/2022 which is a manufacturing company that manufactures the aesthetics products catering to two-wheelers, passenger vehicles, commercial vehicles, consumer durables/appliances, decals and body graphics, 2D appliques and dials, 3D appliques and dials, 3D lux badges, domes, overlays, lens mask assembly and chrome-plated, printed and painted injection moulded plastic parts.

The students were given an introduction about the company by Mr. Rehman, AGM -Production, followed by the discussion on concepts of 5S by Mr. Mohan Paul, GM – Operations. The team divided into 2 groups - one group guided by Mr. Mohan Paul and Dr. Jyothi P N, Professor and another group guided by Mr. Balaji C. R., GM Production and Mr. Vinod A, Assistant Professor.

The students observed the processes of production of various products, quality testing and learnt about the implementation of 5s in the shop floor.
