“TEACHER’S DAY CELEBRATION”

Event name: “Teacher’s Day celebration”

Date of event: 14th September, 2024

Venue: Aryabhata Seminar Hall, Dept. of ECE, KSSEM

Targeted Audience: The staffs from Dept. of ECE

The department of Electronics and Communication Engineering, KSSEM, in association with IEEE KSSEM Student branch organized an event “Teacher’s Day celebration” on 14th September, 2024.

In presence of honorable Principal Dr. Rama Narasimha sir and Hod of Electronics and Communication Engineering, Dr. K Senthil Babu, Dr. Renuka V Tali, IEEE Branch Councilor for KSSEM Student Branch and other faculty members of the department graced the event with their presence. The event was attended by the staffs from department of ECE. IEEE student member delivered welcome speech.

Discussion:

Introduction

Teacher’s Day is a significant occasion celebrated to honor and appreciate the contributions of teachers in shaping the society. Observed on September 5th in India, this day commemorates the birth anniversary of Dr. Sarvepalli Radhakrishnan, a renowned philosopher, scholar, and India’s second President. Dr. Radhakrishnan believed that “Teachers should be the best minds in the country” laid the foundation for this day of celebration. It serves as a reminder of the pivotal role teacher’s play in educating and inspiring future generations.

Teacher’s Day in India was first celebrated in 1962, the year Dr. Radhakrishnan assumed the office of the President. When his students and friends approached him to celebrate his birthday, he humbly requested that instead of celebrating it as his birthday, the day be observed as Teacher’s Day to honor all teachers. This reflects the deep respect and admiration he held for the teaching profession.

Globally, Teacher’s Day is observed on different dates in various countries. World Teacher’s Day is celebrated on October 5th every year as declared by UNESCO, highlighting the universal significance of educators.

Importance of Teachers in society

Teachers play a crucial role in society by imparting knowledge, shaping minds, and fostering creativity and critical thinking among students. They act as mentors and guides; nurturing the potential of young individuals and helping them navigate their academic and personal lives. In addition to academics, teachers often influence the moral and ethical development of students, making them responsible citizens.

In today's rapidly changing world, the role of teachers has become even more significant as they help students adapt to technological advancements, globalization, and the challenges of the 21st century. Teachers also promote inclusivity, ensuring that education is accessible to all, regardless of background or ability.

Activities

On the occasion of Teacher's Day, celebrated on 14th September, the students of IEEE KSSEM Student Branch and the Department of Electronics and Communication Engineering came together to organize a memorable event in honor of their teachers. The day was filled with joy and appreciation, beginning with a cake cutting ceremony that symbolized the students' gratitude.

Exciting activities like Recall Rush and Asymmetric Symmetry added a fun element to the event, with teachers enthusiastically competing for the top spot. The winners demonstrated exceptional skill and teamwork and the winners of: Recall Rush is Mrs. Bhargavi VS & Ms. Muskaan Huda R, Asymmetric Symmetry is Dr. Arun Kumar M & Mrs. Manjula BG respectively.

Conclusion:

The Teacher's Day is celebrated every year on 5th September for invaluable contributions of teachers in shaping the future of society. It is a day to recognize their hard work, dedication, and the pivotal role they play in the development of students. By celebrating Teacher's Day, we not only honor our educators but also reflect on the importance of education in building a better world. It is crucial to address the challenges faced by teachers and ensure that they receive the support and recognition they deserve, enabling them to continue their essential work of nurturing and educating future generations.
