DEPARTMENT OF ARTIFICIAL INTELLIGENCE AND DATA SCIENCE

Event name   : **AI & ML | VOIS Offline Training**

Date of Event   : **23-12-24 to 24-12-24**

Venue   : **Alpha-Delta Seminar Hall & CCP Lab, Main Block**

Number of participants : **300**

Targeted Audience   : **I Semester students**

Objective   : **To equip first-year students with foundational knowledge and practical skills in AI&ML, fostering collaboration and sparking interest in advanced technologies.**

DEPARTMENT OF ARTIFICIAL INTELLIGENCE AND DATA SCIENCE

Department of Artificial Intelligence and Data Science organized workshop on "**AI & ML | VOIS Offline Training**" for I Semester students. It was conducted in association with **Applied Sciences.**

Workshop Objectives:

The **AI & ML | VOIS offline Training** was designed to introduce first-year students to the fundamentals of Artificial Intelligence and Machine Learning. Through expert-led sessions and practical exercises, the program aimed to bridge the gap between theoretical concepts and real-world applications, providing students with a strong foundation in these cutting-edge technologies.

The training also sought to foster curiosity and enthusiasm for AI/ML by engaging students in interactive discussions and collaborative learning environments. By bringing together students from various branches, the program emphasized interdisciplinary collaboration and the importance of teamwork in solving complex problems. Additionally, it aspired to build essential technical skills, stimulate innovative thinking, and encourage students to explore career opportunities in the domain of Artificial Intelligence and Data Science.

Resource Person:
Mr. Vishwas U K, IABAC certified Data Scientist and Mr. Thoufiq Z ,Data Science Instructor

Feedback:

Feedback from student is positive.
