

*Industry interaction initiatives & their relevance in academia*

<b>Key element</b>	<b>Mapping</b>	<b>Outcome</b>
Membership in the committee	Academic support	Industry members are included in the GC/PAC/DAC to help with academic advice
Guest lectures/Tech Talks/internships	Partial content delivery of the courses offered	Experiential/ practical learning for the students
Faculty Internships	Integrating new advancements in teaching	Faculties are aware of new cutting trends and best practices relevant to the area in which they underwent internship, which would help during their teaching
MOU	Various students' activities under the institute-industry interaction cell	Helps in the holistic development of students' growth
