INFOSYS MYSORE CAMPUS: INDUSTRIAL VISIT

Objectives:

- For students pursuing professional education, industrial visits help them gain hands-on experience of how industry operations are executed.
- Industry visits bridge the gap between theoretical training and practical learning in a real-life environment.
- Industry visits provide opportunity for active/interactive learning experiences in-class as well outside the classroom environment.
- With industry visits, students are able to better identify their prospective areas of work in the overall organizational function.
- Industry visits help enhance interpersonal skills and communication techniques.
- Students become more aware of industry practices and regulations during industry visits.

INFOSYS MYSORE CAMPUS: INDUSTRIAL VISIT

Outcomes:

- Industrial visit survey provides the students and programs with "dynamic" real time feedback that is very useful in the program learning outcomes process.
- It enables educational institutions to build close ties with industrial experts and also to achieve the learning outcomes of students.
- Several broader educational partnerships have emerged as a result of these visits.
- These include student's curriculum development, student career opportunities.
- Moreover students will gain the subject learning outcome by means of pre, after and postindustrial visit survey.
