ACKNOWLEDGEMENT

The satisfaction and euphoria that accompany the successful completion of any task would be incomplete without the mention of the people who made it possible and under whose constant guidance and encouragement the task was completed.

We would like to express my deep sense of gratitude to **Dr. K Rama Narasimha**, Principal, K S School of Engineering and Management, Bangalore, for his timely help and inspiration during the tenure of the course.

We would like to express any sincere gratitude to our HOD, **Dr. K Venkata Rao**, Department of Computer Science & Engineering, for his encouragement and support throughout the project.

We consider it my cardinal duty to express the deepest sense of gratitude to Activity coordinator, **Mrs. Meena G**, Assistant Professor Department of Computer Science & Engineering, for the invaluable guidance extended at every stage and in every possible way.

Finally, we were very much thankful to all the faculty members of the Department of Computer Science & Engineering, my seniors, friends and my parents for their constant encouragement, support and help throughout the Period of activity Conduction.

Thanks, and Regards
Charishma C (1KG20CS019)

ABSTRACT

The abstract encapsulates the essence of five diverse topics, ranging from educational initiatives to cultural preservation and adventure tourism. Each topic represents a unique endeavor aimed at fostering growth, awareness, and enrichment within its respective domain.

1."TOURISM PROMOTION": Rural tourism as one of the form of alternative tourism came into existence to give an open space to low segments of tourism development. It gives an opportunity to visitors to directly experience natural surroundings and agriculture. we got this village Acchalu in Ramanagara. At this village there is a wonderful hill called Acchalu betta. The trekking was more trilling.

2."SELF HYGIENE": The knowledge of the proper use, disposal of sanitary pads, and its related side effects during menstruation is a vital aspect of a woman's well-being. Use of sanitary pads appropriately and replacing them on time are essential practices needed to maintain menstrual hygiene. It was seminar conducted in government high school.

3."POLIO AWARENES": Polio and Health including malnutrition, stunted growth, and susceptibility to diseases. Distributing food around local area including slums and spreading awareness on POLIO. was conducted about 2 weeks in different places near Banglore and vidhan soudha.

4."PROGRAM ON EDUCATING STUDENTS ": Education is a vital pillar of progress and empowerment, particularly in rural India, where nurturing young minds holds paramount importance. Understanding the state of education and the role parents play in their child's learning journey is crucial for fostering positive educational outcomes. And where visited the government school and educate the students with my activities and teachings.

5."OLD AGE HOME APPROACHES": Visiting old age homes is crucial for providing companionship and support to the elderly. Engaging in activities like storytelling and music sessions brings joy to their lives. It's important to respect their individual preferences and involve the community to foster a sense of belonging. In both education and elder care, recognizing each individual's value is essential for creating nurturing environments where everyone can thrive.

DESCRIPTION

Event 3:

- **Title:** Tourism Promotion
- **Date:** 15/06/2023 to 28/06/2023
- **Duration:** 14 days
- **Brief About event:** As Department of Tourism, Government of Karnataka (Department) established in 1974, is vested with the responsibility to develop and promote Karnataka Tourism. Department is continuously endeavoring to promote Karnataka Tourism by developing new tourism destinations, fostering new tourism projects and by participating in national and international tourism trade fairs, investors' meet, road shows, theme campaigns, etc.

Key Discussion Points:

- Department is bestowed with the responsibility of drafting and implementing enabling tourism policies to ensure growth and sustainability of tourism in the State. Department promotes Karnataka Tourism both nationally as well as internationally through its sustained promotion campaigns.
- Ramanagara is a town and a city municipal council in the Indian state of Karnataka. It is also the headquarters of Ramanagara district. The town was known as shamsabad at the ruling time of Tippu sultan. It was then called closepet, after sir Barry close (1756- 1813) in pre-independence times. This name is retained in geology. Ramanagara is approximately 50 km southwest of Bengaluru..
- The trekking period was around 2hrs. In between there were many wonderful places for resting and enjoying the nature.

Conclusion:

The promotion of adventure tourism at Acchlu Betta represents a paradigm shift in leveraging natural assets for economic development and environmental conservation. By harnessing the spirit of adventure and embracing innovation, Acchlu Betta has emerged as a beacon for climbers seeking exhilarating experiences amidst pristine natural beauty. Moving forward, continued collaboration and commitment from all stakeholders will be essential in realizing the full potential of adventure tourism at Acchlu Betta while preserving its ecological integrity for future generations to enjoy.

Event 2:

- **Title:** Self Hygiene
- **Date:** 09/09/2022 to 25/09/2022
- **Duration:** 16 days
- **Brief about event:** The knowledge of the proper use, disposal of sanitary pads, and its related side effects during menstruation is a vital aspect of a woman's well-being. Use of sanitary pads appropriately and replacing them on time are essential practices needed to maintain menstrual hygiene. Failure to do so may lead to detrimental consequences that could affect the health of women and make them susceptible to reproductive tract infections.

Key Discussion Activities:

- A cross-sectional study was conducted among 258 intermediate school girls in government school at Ramanagara village. A semi-structured, self-administered questionnaire was used to collect information on demographics, menstrual history, knowledge about menstruation, hygiene practices, and school absence during menstruation. The survey was conducted from 9 September 2022 to 25 September 2022.
- The policy should ensure all government, government-aided and residential schools provide adolescent students with free sanitary napkins and access to a vending and disposal mechanism, the Bench said. Schools should also be equipped with separate washrooms for girl students.
- Studies show period poverty has a ripple effect: girl students drop out of school, are pushed into child marriage, and are more like to experience domestic violence, infections, reproductive illnesses, malnourishment and poor mental health.

Conclusion:

The " Self Hygiene " provided students with a platform to know the usage of sanitary pads and maintain hygiene by self. It was the interaction section and women's comfortable talk where they are allowed to talk without any shy and grabbing more information which they were lack of, with this we also distributed pads for each of them and giving the information about hygiene. Schools should also be equipped with separate washrooms for girl students.

Event 4:

- **Title:** polio awareness
- **Date:** 10/10/2023 to 23/10/2023
- **Duration:** 14 days

Brief about event: The Polio Awareness event aims to educate and inform individuals about the importance of polio vaccination, eradication efforts, and the ongoing battle against this debilitating disease. It typically involves various activities such as seminars, workshops, campaigns, and fundraising initiatives to raise awareness and support for polio eradication programs worldwide. Through these efforts, the event seeks to highlight the progress made in eliminating polio and emphasize the continued need for vaccination to ensure that future generations remain polio-free. Ultimately, the goal is to mobilize communities and resources towards the common objective of eradicating polio once and for all.

Key Discussion Activities:

- **Educational Workshops:** Organizing workshops for healthcare professionals, community leaders, and the general public to provide information about the importance of polio vaccination, its transmission, symptoms, and prevention methods.
- **Public Awareness Campaigns:** Conducting awareness campaigns through various channels such as social media, radio, television, posters, and flyers to reach a wide audience and disseminate important information about polio eradication efforts.
- **Distribution of Informational Materials:** Providing brochures, pamphlets, and fact sheets containing key information about polio, vaccination schedules, and the importance of maintaining high vaccination coverage.
- **Community Outreach Programs:** Engaging with local communities through door-to-door campaigns, community meetings, and interactive sessions to address concerns, dispel myths, and encourage participation in vaccination drives.

Conclusion:

The Polio Awareness event spreads vital information about polio vaccination and eradication efforts. Through workshops, campaigns, and community outreach, it educates people about the importance of vaccination and mobilizes support for global e program

Event 5:

- **Title:** Program on Educating Students
- **Date:** 16/11/2023 to 30/11/2023
- **Duration:** 14 days
- **Brief about event:** In recognition of the pivotal role that technical education plays in driving innovation, economic growth, and societal Education is a vital pillar of progress and empowerment, particularly in rural India, where nurturing young minds holds paramount importance. survey was specifically focused on examining the impact parental involvement on the education of school-going children in rural areas, seeking to shed light on the significant role they play in shaping their child's educational journey.

Key Discussion Activities:

- Understanding the state of education and the role parents play in their child's learning journey is crucial for fostering positive educational outcome Education stands as a potent catalyst for progress and empowerment, transcending barriers and shaping the future of nations.
- In the vast expanse of rural India, nurture in young minds takes on paramount importance, as the transformative power of education holds the key to breaking the cycle of poverty and unlocking opportunities for generations to come

Conclusion:

The awareness program on the importance of technical education serves as a catalyst for empowering tomorrow's innovators and problem-solvers. By fostering a culture of innovation, creativity, and lifelong learning, technical education plays a vital role in shaping the future workforce and driving socioeconomic development. Through continued advocacy and investment in technical education, we can unlock the full potential of individuals and societies to thrive in an increasingly complex and interconnected world.

Event 1:

- **Title:** Old Age Home Approaches
- **Date:** 7/1/2022 to 20/1/2022
- **Duration:** 14 days
- **Brief about event:** The "Old Age Home Approaches" event aims to explore and showcase innovative approaches and best practices in providing care and support for the elderly in institutional settings. It typically involves seminars, panel discussions, and workshops where experts, caregivers, and administrators share insights, strategies, and success stories related to elderly care.

Key Discussion Activities:

- **highlighting best practices:** Presenting successful models and approaches adopted by old age homes to enhance the quality of life for residents, including healthcare, social activities, and emotional support.
- **Addressing challenges:** Discussing common challenges faced by old age homes such as staffing, funding constraints, and maintaining a supportive environment, and exploring effective solutions.
- **Promoting collaboration:** Facilitating networking opportunities for professionals and organizations working in elderly care to foster collaboration, share resources, and exchange knowledge.
- **Empowering caregivers:** Providing training sessions and resources for caregivers on topics such as dementia care, palliative care, communication skills, and managing caregiver stress.

Conclusion:

By doing all this we successfully completed the work of "Old Age Home visiting" AICTE activity and over all, the event serves as a platform for learning, collaboration, and advocacy to improve the quality of care and support for the elderly population living in institutional settings.
