Subject: Request for reduction of my college

fees due to financial hardship of my family.

Respected Sir,

I hope this letter finds you in good health and high spirits. I am writing to bring to your attention the financial difficulties my family is currently facing, and kindly request your consideration for a reduction in my college fees and to provide me an admission in your college.

I am a very enthusiastic for being enrolled in COMPUTER SCIENCE Branch at K.S.S.E.M and I greatly appreciate the educational opportunities provided by the institution. However, the unfortunate reality is that my family's financial situation has taken a severe downturn due to a series of unforeseen circumstances, making it increasingly challenging for us to meet the financial obligations associated with my education.

My father had been a victim of an severe accident few years ago, so he is unable do any work. My Mother is struggling very hard for my bright future . She works for daily wages to meet our daily expenses. I have a grown up sister studying 10th standard, My Mother alone can't manage our study expenses .

Despite my family's best efforts to secure sufficient funds to cover my college expenses, we find ourselves struggling to make ends meet. The current situation has created immense stress and uncertainty, not only affecting our daily lives but also jeopardizing my ability to focus on my studies and make the most of the educational opportunities provided by your esteemed institution.

I genuinely believe in the value of education and the transformative power it holds for individuals and communities. It is my sincere desire to continue my studies and complete my degree, as it will not only benefit me personally but also enable me to contribute positively to society in the future. However, the financial burden I face threatens to impede my academic progress and limit my access to the opportunities your institution offers.

20  
NKA

PCM - 94-61.

Therefore, I humbly request your kind consideration for a reduction in my college fees to alleviate the financial strain my family is currently experiencing. I understand that the institution has its policies and limitations, but I kindly ask you to review my case on compassionate grounds, taking into account the extenuating circumstances my family and I are facing.

I would be more than willing to provide any additional documentation or information that may assist you in evaluating my request. I assure you that I am a committed and hardworking student, dedicated to my studies and determined to make the most of the educational resources provided to me.

I genuinely believe that with your understanding and assistance, I can continue my education and fulfill my potential.

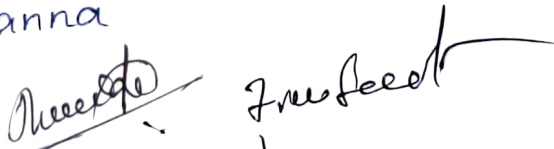

Thank you for your attention to this matter. I eagerly await your response and sincerely hope for a positive resolution that will enable me to continue my studies K. S. S. E. M.
