Department of MBA

Event Name: Infosys Mysore Campus Industrial Visit

Department/ Club/ COE Name: MBA Department, Industrial Visit

Objectives:

- For students pursuing professional education, industrial visits help them gain hands-on experience of how industry operations are executed.
- Industry visits bridge the gap between theoretical training and practical learning in a real-life environment.
- Industry visits provide opportunity for active/interactive learning experiences in-class as well outside the classroom environment.
- With industry visits, students are able to better identify their prospective areas of work in the overall organizational function.
- Industry visits help enhance interpersonal skills and communication techniques.
- Students become more aware of industry practices and regulations during industry visits.

Outcomes:

- Industrial visit survey provides the students and programs with “dynamic” real time feedback that is very useful in the program learning outcomes process.
- It enables educational institutions to build close ties with industrial experts and also to achieve the learning outcomes of students.
- Several broader educational partnerships have emerged as a result of these visits.
- These include student’s curriculum development, student career opportunities.
- Moreover students will gain the subject learning outcome by means of pre, after and postindustrial visit survey.

Introduction:

The Infosys Mysore Campus is one of the largest corporate training facilities in the world. Spread across 337 acres, it serves as the primary training center for newly recruited employees of Infosys. It is one of India’s leading IT services companies.

Infrastructure:

- The campus boasts modern infrastructure with advanced facilities, including classroom, auditorium, library.
- It provides accommodation for trainees with comfortable living quarters, dining hall etc...
- The campus is designed with a focus on sustainability incorporating green spaces.

On 29/06/2024 we fourth year MBA students of K S School of Engineering and Management [KSSEM] visited Infosys Mysore Campus for Industrial visit along with our MBA department HOD sir and 2 staff members.

As we reached the gate we were amazed with the security they had on campus. The environment of the campus was awesome. After the introduction about Infosys we lead into the Global Education center within which the trainees were trained in the well-equipped classroom, each having the capacity to seat 200 trainees at a time.

There is a central library at the topmost floor in this GEC center. It likely offers a wide range of resources including books, journals, e-books, and online databases.

After we asked to gather in the AV room and were shown a video clip of Infosys history. After a brief campus tour, we were lead to the cafeteria and after the lunch, we logged out of the Infosys campus and returned to our home.
